OSHA #2264 Permit-Required
Confined Space Entry

Register Today!

OSHA #2264 Permit-Required Confined Space Entry

Course Description

This course covers the safety and health hazards associated with permit-required confined space entry. Course topics include recognition of confined space hazards, identification of permit and non-permit required confined spaces, use of instrumentation to evaluate atmospheric hazards, ventilation techniques, development and implementation of a confined space program, proper signage, and training requirements. This course features workshops on permit entry classification, instrumentation, and program development.

Course Objectives

Upon course completion students will have the ability to identify permit and non-permit required confined spaces, reference the OSHA Permit-Required Confined Spaces Standard, conduct atmospheric testing and implement a permit-required confined space program

Course Price

\$725

Course Dates: February 3 - 5 2026 8:00 am - 4:30 pm

Registration Closes: Tuesday, January 27, 2026 @ 5:00 pm
